When approved, it is the basis for extending technical and cost sharing assistance from watershed funds.

The RCD area plan is prepared for the development of the RCD area by sponsoring local organizations with assistance from NRCS and other agencies, endorsed by the Governor or by the agency designated by the Governor, and accepted by the Secretary of Agriculture or his delegate. It includes objectives, planned courses of action, and RCD measures or projects to be developed. It is amended as necessary to include continuing activities and needs in the RCD area.

WS loans are made by RUS from either Public Law 534 (78th Cong.) funds authorized in the Flood Control Act of 1944 (33 U.S.C. 701 et seq.) or Public Law 566 (83rd Cong.) funds authorized in the Watershed Protection and Flood Prevention Act of 1954 (68 Stat. 666) to cover a part or all of the local cost for a watershed work of improvement.

(1) A watershed work plan has been approved administratively or by resolutions adopted by the Committee on Agriculture and Forestry of the Senate and by the Committee on Agriculture of the House of Representatives; and

(2) Federal assistance has been authorized for the installation of works of improvement by the Administrator of NRCS.

(d) RCD loans may be made in areas authorized for RCD program assistance by the Secretary of Agriculture and for which an RCD plan design or area plan has been accepted by the State NRCS Conservationist.
